DESCRIPTION.

This is a low small Bush 1, whose Wood is hard and
Pith is darker than the Wood, as in the Twig that is cut Trans
Bark is a very light Green, smooth, angulated 2, and twisted 3: th
are a light Green, smooth and shining, finely serrated or notched
Edges, having few Veins and those small. The Flowers 5 are a
Crimson, and grow on the Top of the Fruit 6. The Style 7 is whitish, nu
coverd with Farina 9, of a light Saffron-colour the Berries 10 are black,
fine blue Flour like Damsons, which rubbs off. The Juice is a deep Pu
many Seeds in five Divisions 11, in the Berry, of a light reddish Brow

VIRTUES.

They are cooling and grateful to the Stomach, with some
gent; a Syrup made of the Juice is agreable.
